SCOPE CERTIFICATE

Certificate of Sewer Line Certification

This certifies that the main sewer line serving the property at

1234 Sample Street, Denver, CO 80200

was camera-inspected on the date below, and professionally cleaned where the inspection showed cleaning was needed, and that the line met the Scope Certificate standard: inspected end-to-end, clean, free-flowing, and free of material defects on the date of service, as verified from the performing company's customer receipt and the full inspection video.

SCOPE CERTIFICATE — VERIFICATION

Sample Sewer Co., LLC

PERFORMING COMPANY — WORK GUARANTEED BY

ISSUER CONFIRMATION — Scope Certificate confirms the line's condition, as verified from the scope video, was clean and free of material defects on the date of service.

If a problem arising from the certified work occurs in the certified line within 12 months of the date of service, it will be repaired at no cost to the owner — this repair guarantee is given by Scope Certificate to the owner and transfers to the buyer at closing. Problems not caused by the certified work are not covered (Form SC-CERT-2026.1). Verify authenticity at ScopeCertificate.com/verify
